

Organic

GC LiquiBio Balanced

Organic liquid fertiliser and biostimulant based on amino acids

GC LiquiBio Balanced is a liquid fertiliser and biostimulant with a balanced NPK formulation to match all crops.

Key Product Attributes

Organic certified, liquid concentrated formulation developed for crops grown in soil or hydroponically.

Ideal balanced NPK for use during the whole growing season as a base fertiliser.

Neutral pH to allow for tank-mixing with other fertilisers without the risk of precipitating trace elements or deactivating other agricultural inputs.

Analysis

Free Amino Acids	2.0 % w/w	2.3 % w/v
Total Nitrogen (N)	3.0 % w/w	3.45 % w/v
Organic Nitrogen (N)	3.0 % w/w	3.45 % w/v
Phosphorous Pentoxide soluble in water (P ₂ O ₅)	3.0 % w/w	3.45 % w/v
Potassium Oxide soluble in water (K ₂ O)	3.0 % w/w	3.45 % w/v
pH	7	
Aminogram: Ala, Arg, Asp, Cys, Gly, Glu, Hyp, His, Iso, Leu, Lys, Met, Phe, Pro, Ser, Tyr, Thr, Val		

Main Use

Used to provide good levels of NPK as main fertiliser for most of the cropping cycle.

To prepare crops for and help recover from stress situations thanks to its high amino acid content.

Application Rates

Crop	Rate for soil application
Tomatoes, Peppers, Cucumbers, Lettuce	40-80 L / ha / every 2 weeks when applied as the total source of nutrition
Blueberry, Strawberry, Raspberry	20-40 L / ha every 2 weeks when applied as the total source of nutrition
Salad crops	10-30 L / ha every 2 weeks when applied as the total source of nutrition
Hydroponics	0.1% - 1% of final solution through irrigation lines
